

Speed and volume studies

Eric Buckmaster

Tue 30 Oct, 15:58

Dear Colin

Please see below. Same applies to Widford if you could let me know where you would like them done.

With Regards and Best wishes

Eric

Subject: speed and volume studies

Dear all,

When I last attended your parish council meeting we discussed the proposed speed and volume studies. It appears those we thought already in place were not those directed by our highways officers. I don't know any more at the moment. Nevertheless It would be important to focus on areas that are important to you. Would you please then let me know your priorities so that Ian, copied in, can make arrangements in the right places at the appropriate time?

Many thanks

With Regards and Best wishes

Eric
