THIS IS NOT A CIRCULAR

Date:- 25<sup>th</sup> October 2018

**Proposed Traffic Order for 'Extension to Existing 30mph Speed Limit' proposed 40mph Speed Limit and relocation of Traffic Calming Feature on Hunsdon Road, Widford**

Hertfordshire County Council proposes an extension to the existing 30mph speed limit and a new 40mph buffer zone along part of Hunsdon Road, Widford.

These measures are being proposed following planning consent being granted for a new development and to improve safety for all road users as a result of a new vehicular access joining Hunsdon Road. Appended overleaf is the relevant drawing showing the detail and extent of what is proposed.

**The process of implementing Traffic Orders is a legislative and formal one as specified in Law. However, prior to embarking upon that process, it is important and useful to seek your views on what is proposed.**

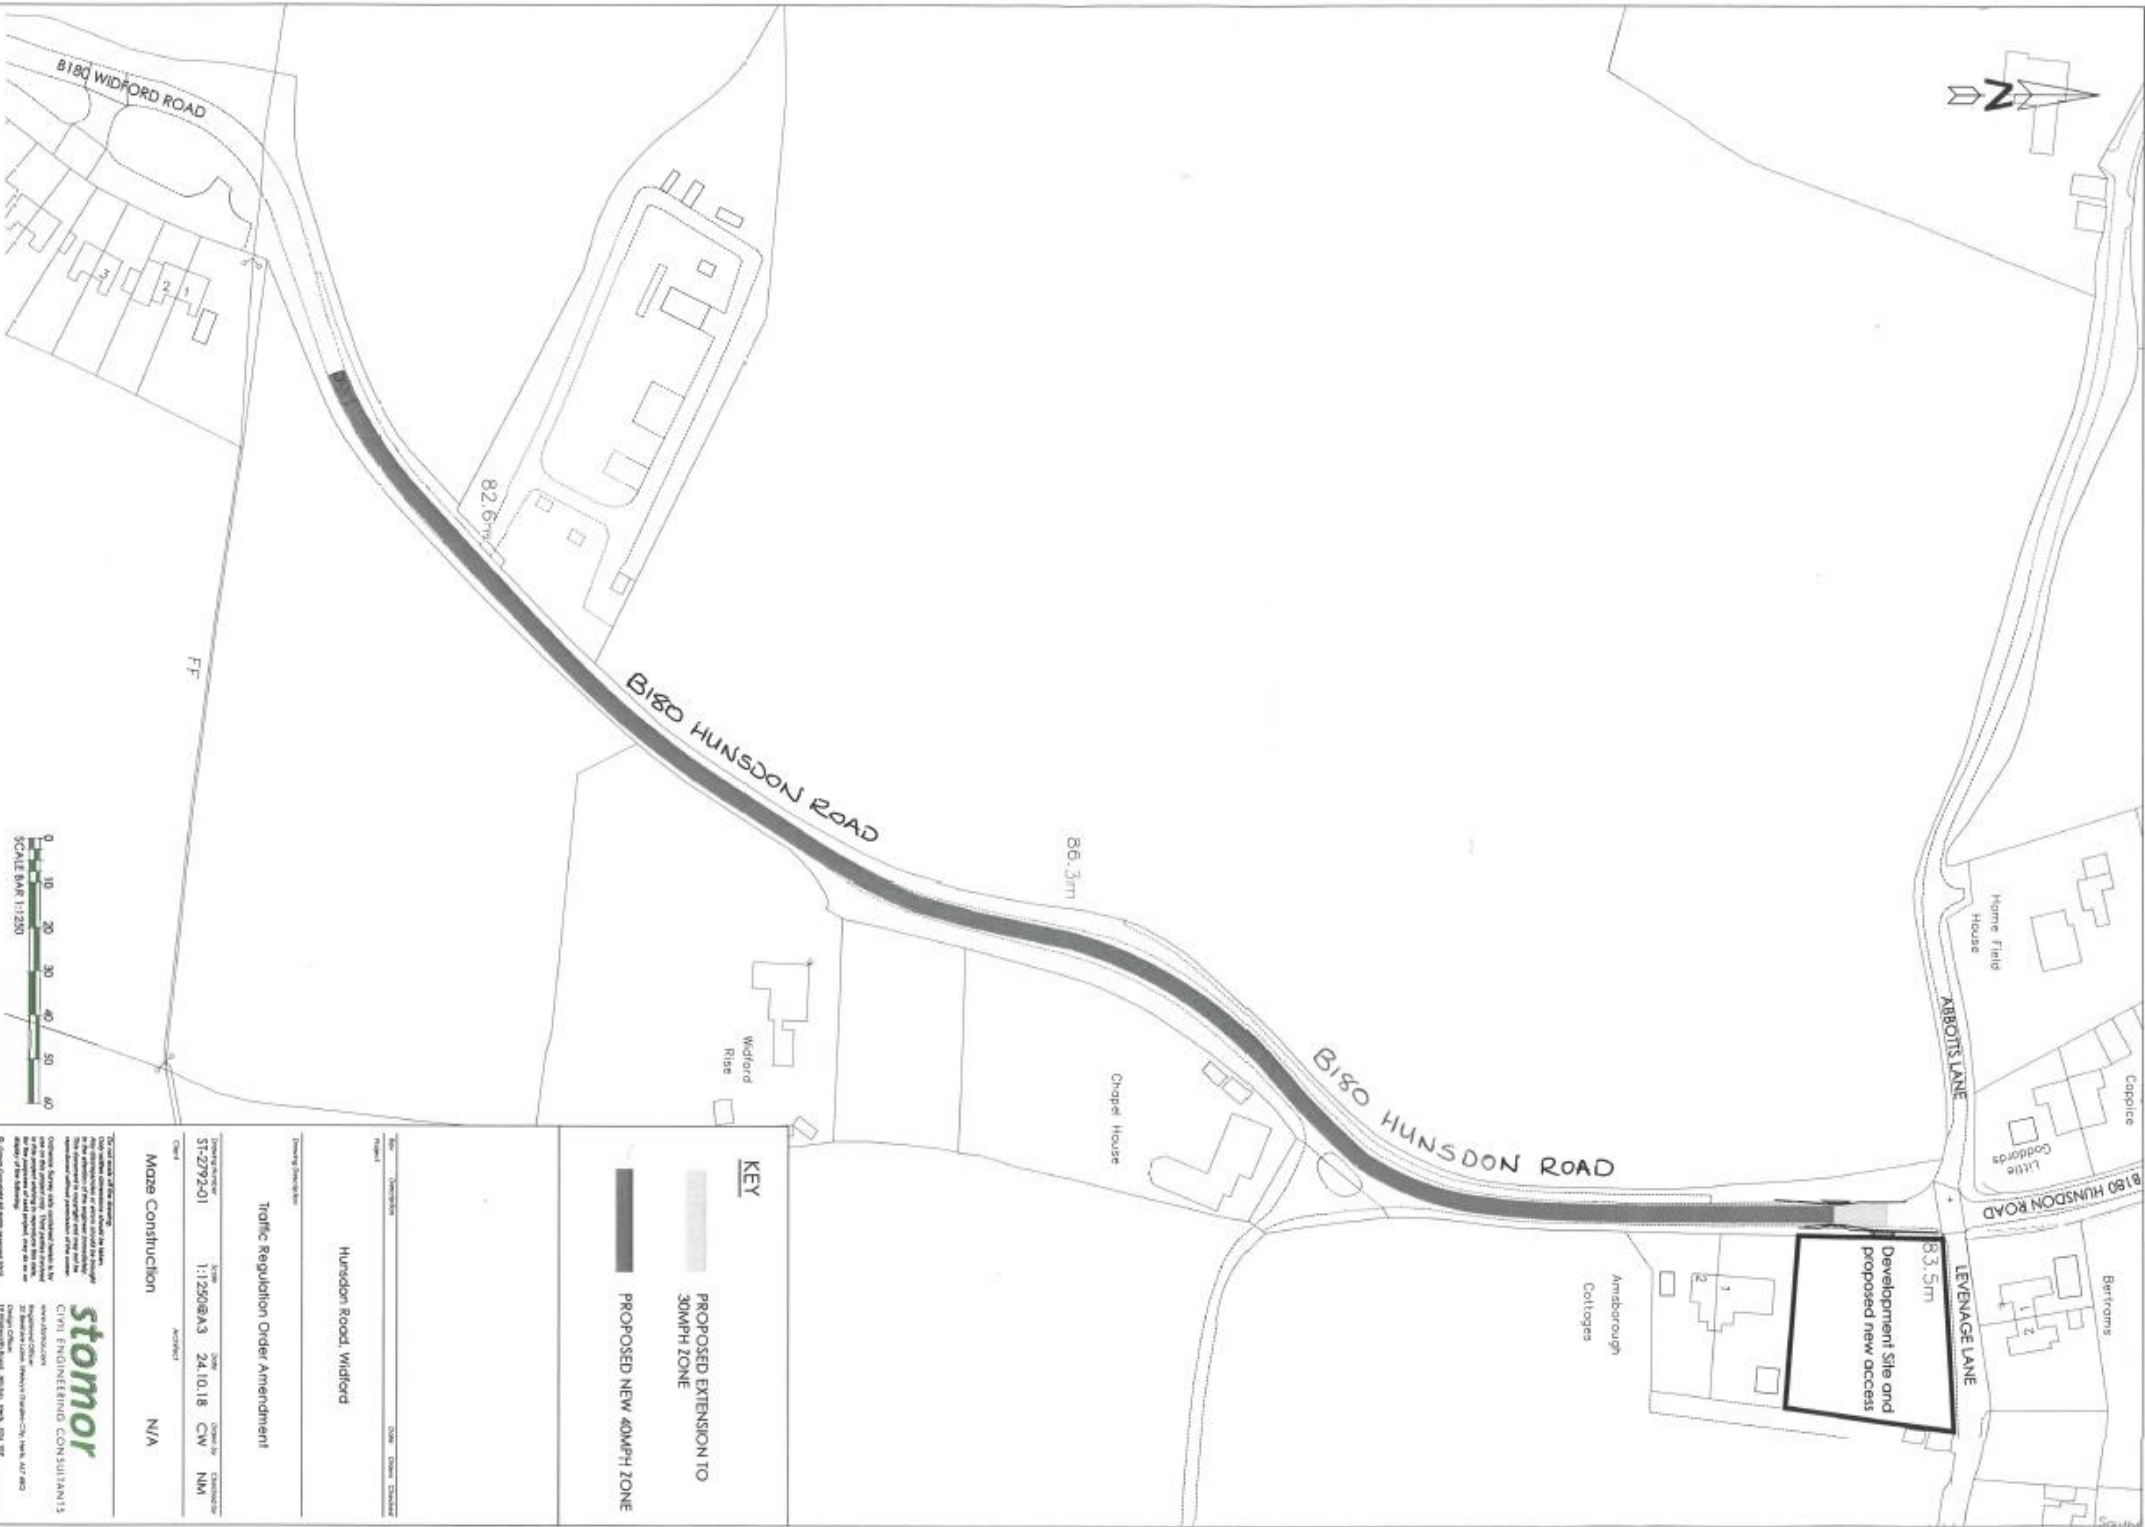

This letter initiates the start of the Traffic Regulation Order process and if you have any comments or observations, I would be pleased to receive them either in writing or via email at your earliest convenience and in any case no later than 15<sup>th</sup> November 2018.

Yours faithfully,

N J Shaw  
TRO Officer  
Traffic Order Services (Developments)
