

Police Report, 2<sup>nd</sup> March 2019

Hello Colin,

I hope you are well.

Unfortunately I will not be able to attend the next PC meeting on 5<sup>th</sup> but I have put a brief note together for you.

There were not many crimes or incidents, which is a good thing, so this is really quite brief.

**Crimes reported between 5<sup>th</sup> February – 5<sup>th</sup> March 2019**

1 x Business Burglary on a housing development. Tools removed from site but unfortunately no evidence to progress police enquiries at this time.

**Incidents reported between 5<sup>th</sup> February – 5<sup>th</sup> March 2019**

1 x Concern for welfare – a male was seen wandering in the middle of the road. Male was located and returned to his home address.

**Other matters**

On Tuesday 26<sup>th</sup> February 2019 I completed a review of Much Hadham, Hunsdon, Eastwick, Gilston and High Wych with regards to Fly-Tipping. I was accompanied by a representative from EHDC Environmental dept, Adam Praverman and we identified 5 small Fly-Tips in and around the area. This also helped us to communicate and review various area's which we believe are 'hot spot' locations for Fly-Tipping.

East Herts have also recently been targeted for 3 large Fly-Tips which we believe were deposited by use of a tipper truck, given the material that was left in situ. The 3 area's that have been targeted are Gore Lane, Jobbers Wood and Albury. EHDC are in the process of removing the deposit, however we are asking communities to be vigilant and report any suspicious vehicles that they believe may be committing similar offences.

That's all Colin, but I will hopefully be at the next meeting

Kind regards

Leon
